

WELDING SYSTEMS LIMITED WARRANTY AGREEMENT

Chief Automotive Technologies, Inc. warrants to the original purchaser (hereinafter 'Purchaser') and in lieu of all other warrants that the welding system purchased shall be free from defects in material and workmanship under intended use and service for a period of one (1) years after delivery of the system to original purchaser. The electronic control unit shall be warranted for a period of two (2) years on a factory exchange basis.

Chief Automotive Technologies' obligation under this warranty shall be limited to the repair or exchange, at Chief's option, of any part or parts which may prove defective under intended use and service as determined by Chief after said part or parts have been returned and examined by Chief Service Technicians. Chief Automotive Technologies will pay for standard transportation on incoming and outgoing warranty related parts. Charges for expedited shipping will be the responsibility of the customer.

This warranty is in lieu of all other warranties, express or implied, including the warranties of merchant ability and fitness for a particular purpose. Chief shall not be liable under expressed or implied warranty for incidental or consequential damages or other obligations or liabilities on the part of the purchaser. Chief Automotive Technologies neither assumes nor authorizes any other person to act of behalf of Chief's liability in connection with Chief products.

The above limited warranty does not apply to damage of Chief product caused by accidents, alterations, negligence, tampering or improper or unreasonable use or failure to provide reasonable maintenance. Chief Automotive Technologies makes no warranty whatsoever in respect to accessories or parts not supplied by Chief Automotive Technologies.

Chief Automotive Technologies reserves the right to make changes in the design of any product at any time without obligation for retroactive action to the Chief product. Failure to employ, attach and/or use any and all recommended safety devices (including electrical grounding) and failure to follow and/or comply with any recommended safety procedure shall constitute a waiver of this limited warranty. Chief Automotive Technologies shall not be responsible for any incidental or consequential damages as a result of the aforementioned.

FURTHERMORE, Chief Automotive Technologies, Inc. specifically excludes or disclaims any warranty, express or implied, based on any sample or model shown by Chief Automotive Technologies, Inc. to the buyer for demonstration purposes only.

LIMITATION OF REMEDIES: The parties agree that the buyer's sole and exclusive remedy against Chief Automotive Technologies, Inc. shall be for the repair or replacement of components which are defective and which have not been misused, carelessly handled, or defaced by the repair or repairs made or attempted by others. The buyer agrees that no other remedy (including, but not limited to, incidental or consequential damages for lost profits, lost sales, injury to person or property, or any other incidental or consequential loss) shall be available to him. This exclusive remedy shall not be deemed as to have failed of its essential purpose so long as Chief Automotive Technologies, Inc. is willing and able to repair or replace defective parts in the prescribed manner.

DISCLAIMER OF WARRANTY

THE GRAPHICS AND DATA SUPPLIED WITH THE WELDING SYSTEM HAVE BEEN COMPILED FROM AUTHORITATIVE SOURCES. EVERY EFFORT HAS BEEN MADE BY CHIEF AUTOMOTIVE TECHNOLOGIES, INC. TO ASSURE ACCURACY; HOWEVER, MANUFACTURING CHANGES, ERRORS OR OMISSIONS MIGHT OCCUR. CHIEF AUTOMOTIVE TECHNOLOGIES, INC. DOES NOT ASSUME RESPONSIBILITY NOR CAN IT BE HELD RESPONSIBLE FOR THE LOSS OR DAMAGE RESULTING FROM VEHICLE MANUFACTURERS' CHANGES, ERRORS OR OMISSIONS IN THIS SYSTEM.
